

Poster #	Title	Theme	First Name	Last Name
1	Stem Cell Therapy for Facial Rejuvenation	Acne	Redwan Al-Karim	Bhuiyan
2	Long-term safety and efficacy of 1% clascoterone cream in patients ≥ 12 years old with acne vulgaris	Acne	Nicholas	Squittieri
3	Efficacy and safety of clascoterone cream 1% in patients with acne vulgaris across subgroups defined by demographic characteristics	Acne	Nicholas	Squittieri
4	Trichloroacetic Acid Paint for Boxcar and Polymorphic Acne Scars	Acne	Cong	Sun
5	Automated photodamage assessment from 3D total body photography for an objective assessment of melanoma risk	AI in Dermatology	Sam	Kahler
6	Identification of Naevi Changes in High-Risk Patients Using Sequential 3D Total Body Photography Technology and Automated Algorithms	AI in Dermatology	Deborah	Toledo Flores
7	Teledermatology in Public Hospital Emergency Departments: A Review	AI in Dermatology	Danica	Xie
8	Taking a look at ocular complications in SJS/TEN: identification of clinical markers of disease severity	AI in Dermatology	Leon	Zhang
9	Improvement in Symptoms of Atopic Dermatitis (AD) and AD-Related Quality of Life with Dupilumab Treatment in Adults: 24-Week Results of the DUPISTAD Study	Atopic Dermatitis	Peter	Foley
10	Considerations in the clinical presentation, pathophysiology, and management of atopic dermatitis in patients with skin of colour	Atopic Dermatitis	Christian	Gan
11	Lebrikizumab use in Atopic Dermatitis: an update on current evidence	Atopic Dermatitis	Charlotte	Krones
12	Upadacitinib for the treatment of moderate-to-severe atopic dermatitis in real-world clinical practice.	Atopic Dermatitis	Vanessa	Tran
13	Keratosis Pilaris Area Index (KPAI) and KP-IGA: The validation of an objective investigator global assessment (IGA) tool for assessing keratosis pilaris	Atopic Dermatitis	Madeline	Wang
14	TikTok and #Psoriasis: A cross-sectional study of content quality	Biologics / Psoriasis	Marra	Aghajani
15	Assessing real-world outcomes for patients with moderate-to-severe psoriasis who have completed clinical trials for the biologic agent bimekizumab within the Australian clinical context	Biologics / Psoriasis	Katherine	Darch
16	Adalimumab-induced palmoplantar pustular psoriasis in a patient with Crohn's disease with good response to phototherapy: case report	Biologics / Psoriasis	Jhessica	de Andrade
17	Bimekizumab efficacy and safety through two years in patients with moderate to severe plaque psoriasis: Analysis of pooled data from five phase 3/3b clinical trials	Biologics / Psoriasis	Pablo	Fernandez Peñas
18	Indirect Comparison of the Short-, Mid-, and Long-term Efficacy of Treatments for Moderate to Severe Plaque Psoriasis: a Systematic Review and Network Meta-analysis	Biologics / Psoriasis	Pablo	Fernandez Peñas
19	Hidradenitis Suppurativa: Clinical, hormonal and molecular markers associated with clinical response to IL-23 antagonism - A Prospective Cohort Study	Biologics / Psoriasis	Akshay	Flora
20	Deucravacitinib, an oral, selective, allosteric tyrosine kinase 2 inhibitor, in Asian patients with moderate to severe psoriasis: findings from the phase 3 POETYK PSO-3 and PSO-4 trials	Biologics / Psoriasis	Peter	Foley
21	Cumulative Clinical Benefit of Treatment Initiation With Deucravacitinib vs Apremilast Over 52 Weeks for Patients With Moderate to Severe Plaque Psoriasis in the POETYK PSO-1 Trial	Biologics / Psoriasis	Kurt	Gebauer
22	Novel case of Subcorneal pustular dermatosis following dupilumab use	Biologics / Psoriasis	Sasha	Hall
23	Real-world evidence for guselkumab treatment of severe psoriasis: A sub-group analysis of efficacy and drug survival from the Australasian Psoriasis Registry	Biologics / Psoriasis	Fathima Ferial	Ismail
24	Bimekizumab early responses in patients with plaque psoriasis: Results from the multicentre, randomised, double-blinded phase 3b BE RADIANT trial	Biologics / Psoriasis	Johannes S.	Kern
25	Initial report on the Month 12 results from the Psoriasis Study of Health Outcomes (PSoHO) for patients with moderate-to-severe psoriasis treated with biologics in the real-world setting	Biologics / Psoriasis	Patrick	Mahar
26	Safety of Ixekizumab in Adult Patients with Moderate-to-Severe Psoriasis: data from 15 Clinical Trials with Over 18,000 Patient-Years of Exposure	Biologics / Psoriasis	Patrick	Mahar
27	Acrodermatitis continua of Hallopeau treated successfully with tildrakizumab: a case report and review of the literature.	Biologics / Psoriasis	Clare	Mahon
28	Refractory classic pityriasis rubra pilaris treated with tildrakizumab	Biologics / Psoriasis	Kevin	Phan
29	Bimekizumab early treatment response translates into cumulative health-related quality of life benefits in patients with moderate to severe plaque psoriasis: Pooled results from three phase 3 trials	Biologics / Psoriasis	Diana	Rubel
30	Secukinumab in moderate to severe hidradenitis suppurativa: Primary endpoint analysis from the SUNSHINE and SUNRISE Phase 3 trials	Biologics / Psoriasis	Diana	Rubel

31	Bimekizumab versus secukinumab efficacy across subgroups of patients with moderate to severe plaque psoriasis: Results from the multicentre, randomised, double-blinded phase 3b BE RADIANT trial	Biologics / Psoriasis	Stephen	Shumack
32	COVID-19-related adverse events in the phase 3 POETYK trials of the allosteric tyrosine kinase 2 inhibitor, deucravacitinib, in patients with moderate to severe plaque psoriasis	Biologics / Psoriasis	Stephen	Shumack
33	Bimekizumab efficacy and safety through three years in patients with moderate to severe plaque psoriasis: Long-term results from the BE SURE trial and BE BRIGHT open-label extension	Biologics / Psoriasis	Rodney	Sinclair
34	PD-1 Inhibitor Induced Skin Reactions	Biologics / Psoriasis	Malini	Sivasaththivel
35	Resistant case of pressure induced urticaria treated with Adalimumab	Biologics / Psoriasis	Malini	Sivasaththivel
36	Effectiveness of Biologics in Clinical Practice in Australian patients: Week 12 Primary Outcomes from the International Observational Psoriasis Study of Health Outcomes (PSoHO)	Biologics / Psoriasis	Saxon D	Smith
37	Trade-offs and Decision Making in Moderate to Severe Psoriasis for Oral vs Injectable Treatments: Data From Australian Patients and Dermatologists	Biologics / Psoriasis	Saxon D	Smith
38	Phenotypic switch to psoriasis, an uncommon side effect of Dupilumab: a case series and review of the literature	Biologics / Psoriasis	Katrina	Tan
39	Drug survival of biologics in psoriasis in an Australian population: A retrospective 15-year study of patients' experiences	Biologics / Psoriasis	Samantha	Ting
40	Efficacy of biologic therapies in moderate to severe psoriasis – a retrospective cohort study of PASI outcomes across two major tertiary hospitals	Biologics / Psoriasis	Samantha	Ting
41	Exploring the relationship between psoriasis skin clearance and body mass index	Biologics / Psoriasis	Kelvin	Truong
42	A case of Alopecia Areata Totalis following Dupilumab for Severe Atopic Dermatitis	Biologics / Psoriasis	Jessica	Zhuang
43	Reactivation of Varicella Zoster Virus following messenger RNA (mRNA) Pfizer-BioTech Vaccination: A Case Report in Indonesia Rural Community	Blisters	Kesya	Kimberly
44	A case of sustained clinical remission for six years in Epidermolysis Bullosa Acquisita following rituximab infusions	Blisters	Ben	Koszegi
45	Systemic Cyclosporin A as crisis intervention therapy in severe ocular mucous membrane pemphigoid	Blisters	Zoe	Lee
46	Treatment outcome of Stevens-Johnson Syndrome/Toxic Epidermal Necrolysis: An 8-year burn centre experience.	Blisters	Zhao Feng	Liu
47	Prognostic Accuracy of the SCORTEN Tool: A Systematic Review and Meta-analysis	Blisters	Zhao Feng	Liu
48	“Urticarial” Dermatitis Herpetiformis: An Unusual Cutaneous Manifestation of Gluten Sensitivity	Blisters	Emily	Tan
49	Achieving complete remission of pemphigus vulgaris using ofatumumab	Blisters	Anna	Wilson
50	Two superficial undifferentiated pleomorphic dermal sarcomas in a patient with atypical bullous pemphigoid	Blisters	Anna	Wilson
51	A Case of Allergic Contact Dermatitis Associated with Rubber-based Cosmetic Sponge	Contact Dermatitis	Sangho	Lee
52	Cheilitis caused by allergic contact dermatitis to cinnamon in chai tea: a case report	Contact Dermatitis	Kajal	Patel
53	A pilot study using total body photography to monitor the change in size and colour of naevi during pregnancy.	Dermoscopy	Clare	Mahon
54	Dermatology During the Covid-19 Pandemic: The Patient and Doctor Perspective	Ethics and Professionalism	Georgia	De'Ambrosis
55	Evaluating dermatology education in Australia: junior doctor and medical student perceptions	Ethics and Professionalism	Patrick	Ireland
57	Dermatology interest amongst medical graduates - a cross-sectional study	Ethics and Professionalism	Lawrence	Lin
58	IDEA (International Dermatology Education Alliance): From classroom to clinic	Ethics and Professionalism	Linda	Martin
59	Role of GPwsl in provision of Dermatology Services at Cairns Hospital	Ethics and Professionalism	Lubna	Siddiq
60	European Jewish dermatologists who came to New South Wales as a result of National Socialism: challenges and contributions to dermatology prior to arrival in Australia	Ethics and Professionalism	Sophie	Walter
61	Mapping the burden of skin disease: scabies prevalence in a remote Aboriginal community in the Northern Territory conducted alongside a mass-drug administration treatment program	Genital Dermatology	Victoria	Cox
62	Clinical Update: Ivermectin access for scabies improved through PBS change in Australia	Genital Dermatology	Victoria	Cox
63	Effective treatment of nail lichen planus with the JAK inhibitor baricitinib	Hair and Nails	Ivana	Chim

64	Incidence and prevalence of alopecia areata in Australian general practice: A retrospective database analysis	Hair and Nails	Samantha	Eisman
65	Deucravacitinib, an oral, selective, allosteric tyrosine kinase 2 inhibitor, in scalp, nail, and palmoplantar psoriasis: subgroup analyses of the phase 3 POETYK PSO-1 and PSO-2 trials	Hair and Nails	Samantha	Eisman
66	A proposed Phase I trial evaluating Volumetric Modulated Arc Therapy (VMAT) radiotherapy (RT) in patients with recalcitrant Hidradenitis Suppurativa (HS).	Hair and Nails	Gerald	Fogarty
67	Efficacy in Subgroups related to Disease Characteristics in Patients with Alopecia Areata from BRAVE-AA1 and BRAVE-AA2	Hair and Nails	Patrick	Mahar
68	Is stress making your hair fall out? A pilot study investigating the environmental triggers of alopecia areata via the use of social media.	Hair and Nails	Luke	McCann
69	Tildrakizumab for the management of androgenetic alopecia: a case report and review of the literature	Hair and Nails	Jonathan	Peek
70	The effect of gender-affirming hormone therapy on hair growth – A systematic review	Hair and Nails	Gia	Tang
71	Marigold therapy to treat lichen striatus nail dystrophy	Hair and Nails	Anna	Wilson
72	A General Practice Guide to Skin of Colour	Medical Dermatology	Natasha	Abeysekera
73	Pyoderma Gangrenosum: A Retrospective Review of Patients' Clinical Characteristics, Comorbidities, and Management at the Royal Melbourne Hospital	Medical Dermatology	Nadine	Abu-Ghazaleh
74	A case of dactylitis post cryotherapy for management of plane warts	Medical Dermatology	Sarah	Adamson
75	A case of Multicentric Reticulohistiocytosis	Medical Dermatology	Sarah	Adamson
76	Development of an Australasian Dermatology Registry	Medical Dermatology	Julie	Armstrong
77	Carcinoma en cuirasse	Medical Dermatology	Andrew	Awad
78	Eruptive angiomas following Vaxzevria COVID-19 Vaccine	Medical Dermatology	Andrew	Awad
79	Evaluating the safety and efficacy of Intravenous Immunoglobulin and rituximab in the treatment of Pemphigus. A retrospective, longitudinal quality assurance study.	Medical Dermatology	Andrew	Awad
80	Pulsed oral methylprednisolone for rescue therapy in pyoderma gangrenosum	Medical Dermatology	Grace	Berwald
81	Role of Immunotherapy in Viral Warts	Medical Dermatology	Redwan Al-Karim	Bhuiyan
82	Granular Parakeratosis secondary to Benzalkonium Chloride: a problem in need of a solution	Medical Dermatology	Jessica	Bulluss
83	Unilateral periorbital petechial rash with underlying insular arteriovenous malformation	Medical Dermatology	Sophie Carrie Shan	Cai
84	Itchy erythematous nodules in the elderly: Unique presentation of post scabietic nodules	Medical Dermatology	Chon-Wai Jeremy	Chan
85	Anti-IL17A, Ixekizumab, for treatment-resistant chronic venous leg ulcers: a phase II randomized, double-blind, placebo-controlled pilot trial	Medical Dermatology	Charlotte	Cox
86	Mosaic Darier Disease flaring following allogeneic stem cell transplant	Medical Dermatology	Caoimhe	Dalton
87	Frusemide Induced Toxic Epidermal Necrolysis (TEN) in a 53-year-old Caucasian Female	Medical Dermatology	Sameer	Datwani
88	Tick bite induced meat allergy: A presentation of two cases and review of the literature	Medical Dermatology	Akshay	Flora
89	Reflectance Confocal Microscopy for the diagnosis of mucosal diseases	Medical Dermatology	Bruna	Gallo
90	It's not always lupus; syphilitic alopecia, rash and arthralgia in a patient with systemic lupus erythematosus.	Medical Dermatology	Mathew	Ghodsian
91	Crusted abdominal rash? It mite be scabies; atypical crusted scabies Isolated to the abdomen.	Medical Dermatology	Mathew	Ghodsian
92	A case of delayed hypersensitivity reaction to hyaluronic acid dermal fillers after COVID-19 vaccination	Medical Dermatology	Gabriela	Gonzalez Matheus
93	Extensive drug eruption caused by insulin detemir (Levemir) in a pregnant patient	Medical Dermatology	Gabriela	Gonzalez Matheus
94	Lessons from practice: Cutaneous Mucormycosis	Medical Dermatology	Claudia	Hadlow
95	Intralesional meglumine antimoniate in the treatment of cutaneous leishmaniasis	Medical Dermatology	Georgina	Hedde

96	Cutaneous manifestations of VEXAS	Medical Dermatology	Georgina	Heddle
97	Eosinophilic fasciitis 6 months after cessation of Nivolumab	Medical Dermatology	Georgina	Heddle
98	A curious case of cutaneous toxigenic <i>Corynebacterium ulcerans</i> (Cutaneous diphtheria)	Medical Dermatology	Adeline	Hillan
99	Dermatological considerations in the intradermal administration of mpox vaccine JYNNEOS®	Medical Dermatology	Adeline	Hillan
100	Emerging Terbinafine Resistant Trichophyton Dermatophytosis, Testing Options and Alternative Treatments: a systematic review	Medical Dermatology	Thuvarahan	Jegathees
101	Drug reaction with eosinophilia and systemic symptoms (DRESS) adverse reaction history prevalence and aetiological agents	Medical Dermatology	Melinda	Jiang
102	A peculiar bilateral eyelid rash	Medical Dermatology	Xuan Qi	Koh
103	A rare case of tuberculous gummas presenting after anti-tuberculous treatment in the setting of immunosuppression from etanercept	Medical Dermatology	Yonatan	Kok
104	Reactive Infectious Mucocutaneous Eruption (RIME) secondary to COVID-19 infection: A Case Report	Medical Dermatology	Georgia	Koroneos
105	Tildrakizumab for the treatment of hidradenitis suppurativa in patients refractory to adalimumab –an Australian Dermatology Department experience	Medical Dermatology	Ben	Kozzegi
106	Adverse cutaneous eruptions with hydroxychloroquine use in dermatomyositis: a review of literature	Medical Dermatology	Charlotte	Krones
107	Risk factors of lower limb cellulitis influencing recurrent episode presentations to the Emergency Department from a tertiary hospital network	Medical Dermatology	Lachlan Dat Wah	Lau
108	Celiac disease and chronic urticaria: a systematic review and meta-analysis	Medical Dermatology	Niyaz	Mostafa
109	Laser-Assisted Drug Delivery: A Systematic Review of Safety and Adverse Events	Medical Dermatology	William Hao Syuen	Ng
110	To B or not to B - Challenges in diagnosing pellagra - an experience from rural QLD	Medical Dermatology	William Hao Syuen	Ng
111	Skin Disease In Rural QLD - A Hospital Intern's Experience	Medical Dermatology	William Hao Syuen	Ng
112	Luminescence of nails and hair after molnupiravir treatment: a case report	Medical Dermatology	Hazel	Oon
113	Deucravacitinib in Moderate to Severe Plaque Psoriasis: Correlations Between Patient-Reported Outcomes and Clinical Responses in the Phase 3 Clinical Trials POETYK PSO-1 and POETYK PSO-2	Medical Dermatology	Diana	Rubel
114	A case of primary cutaneous BRAFV600E+ Langerhans cell histiocytosis, with underlying Chronic myelomonocytic leukemia, responsive to dabrafenib	Medical Dermatology	Kate	Simpson
115	A Case of Hidradenitis Suppurativa Responsive to Testosterone Replacement Therapy	Medical Dermatology	Corey	Stone
116	An Atypical Presentation of Hand, Foot, and Mouth Disease in an Adult	Medical Dermatology	Joseph	Toh
117	Chronic actinic dermatitis successfully treated with dupilumab	Medical Dermatology	Ayesha	Vos
118	Causes and characteristics of drug reactions at a tertiary hospital network	Medical Dermatology	Howard	Yang
119	Skin of Colour patient beliefs regarding photoprotection and skin cancer : systematic review	Melanoma/Oncology	Natasha	Abeysekera
120	Sun behaviour patterns and dermatology life quality index (DLQI) among cutaneous squamous cell carcinoma in organ transplant recipients and non-organ transplant patients.	Melanoma/Oncology	Shashendra	Aponso
121	Primary Dermal Melanoma - a Systematic Review	Melanoma/Oncology	Christopher	Chew
122	Anatomical distribution of severe keratinocyte carcinomas in solid organ transplant recipients	Melanoma/Oncology	Charlotte	Cox
123	Perinatal outcomes and maternal survival in early or localised pregnancy associated melanoma (stages 0-II)	Melanoma/Oncology	Penelope	Fotheringham
124	A review of tirbanibulin ointment: a novel treatment for actinic keratoses	Melanoma/Oncology	Prudence	Gramp
125	Global Survey Reveals Demand for Additional Photoprotection Education in Australia	Melanoma/Oncology	Pascale	Guitera
126	Haematology laboratory shift based on common terminology criteria in patients with advanced basal cell carcinoma receiving sonidegib 200 mg daily: Results from the 42-month BOLT study	Melanoma/Oncology	Alexander	Guminski
127	Acceptability of a remote model of image acquisition for Reflectance confocal microscopy	Melanoma/Oncology	Genevieve	Ho

128	Melanoma and non-melanoma skin cancer screening in patients on fingolimod: A multicentre retrospective cohort study	Melanoma/Oncology	Melinda	Jiang
129	Trends of Skin Cancer Numbers In solid organ transplant recipients: the TOSCANI cohort study	Melanoma/Oncology	Ruby	Lee
130	Mobile teledermoscopy for patients at high risk of cutaneous melanoma: A single-arm, feasibility study of a clinical intervention at two tertiary centres (MOBILEMEL)	Melanoma/Oncology	Arthur	Martin
131	Epidermotropic metastatic melanoma – Molecular testing as an aid to diagnosis	Melanoma/Oncology	Thomas	Mathew
132	Stage IA Melanoma Follow up: Exploring the skillset and level of confidence of South Australian general practitioners in undertaking surveillance skin checks including considerations for shared care	Melanoma/Oncology	Thomas	Mathew
133	A concentration of evil reflections: the role of the built environment in urban UV exposure	Melanoma/Oncology	Riccardo	Paolini
134	Eruptive, inflamed seborrheic keratoses in a patient treated with nivolumab: a case report and review of the literature	Melanoma/Oncology	Jonathan	Peek
135	Resident cutaneous memory T-cells: A review of their role in modulating chronic inflammatory dermatoses and potential as therapeutic targets	Melanoma/Oncology	James	Pham
136	The anatomical subsite distribution of lentiginous melanoma (lentigo maligna and lentigo maligna melanoma)	Melanoma/Oncology	Nisal	Punchihewa
137	Cutaneous squamous cell carcinoma of the hand presenting as clinical perineural invasion	Melanoma/Oncology	Sera	Sarsam
138	Perianal high-grade squamous intraepithelial lesions in females. A report of two cases with varying clinical and dermoscopic features.	Melanoma/Oncology	Meryl	Thomas
139	Malignant transformation of centrofacial trichoepithelioma to basal cell carcinoma successfully treated with hedgehog inhibitor	Melanoma/Oncology	Kelvin	Truong
140	Burn scars spared from lichenoid drug eruption secondary to ipilimumab and nivolumab– an insight into the pathogenesis of cutaneous immune related adverse events	Melanoma/Oncology	Kelvin	Truong
141	Nivolumab-induced eruptive squamous cell carcinomas	Melanoma/Oncology	Milan	van Ammers
142	Vulval lichen sclerosus associated with immune checkpoint inhibitors: a case series of 10 patients	Melanoma/Oncology	Sophie	Walter
143	Statins as a potential adjunctive therapy in high-risk resected, cutaneous malignant melanoma: a multi-centre retrospective cohort study	Melanoma/Oncology	Charlie	Wang
144	A Case of Paraneoplastic Amyopathic Dermatomyositis Triggered by Cancer Treatment Involving Atezolizumab	Melanoma/Oncology	Marlene	Wijaya
145	Good's syndrome associated with multiple basal cell carcinomas: A case report	Melanoma/Oncology	Michelle	Wu
146	Clozapine and chemotherapy in a patient with end-stage Merkel cell carcinoma	Melanoma/Oncology	Nicole	Yoong
147	Orofacial granulomatosis: challenges in diagnosis and treatment	Paediatric and Adolescent Dermatology	Ashling	Courtney
148	Asymmetrical lip pits affecting the cutaneous aspect of the lower lip	Paediatric and Adolescent Dermatology	Caoimhe	Dalton
149	Trichloroacetic acid use in verruca plantaris: an update on the evidence	Paediatric and Adolescent Dermatology	Charlotte	Krones
150	A changing population: what is seen in paediatric skin of colour?	Paediatric and Adolescent Dermatology	Sue	Liu
151	Exploring the presentation and difficulties in diagnosis of rat bite fever through a case series of adult and paediatric cases from regional Queensland.	Paediatric and Adolescent Dermatology	Clare	Mahon
152	Long pulsed 1064-nm neodymium-doped yttrium aluminum garnet (Nd:YAG) for the treatment of glomuvenous malformation	Paediatric and Adolescent Dermatology	Ayesha	Vos
153	Giant cell tumour of the scalp: a rare tumour of low malignant potential in a rarely affected location	Pathology/CPC	Kevin	Phan
154	A rare case of dermatomyofibroma	Pathology/CPC	Kevin	Phan
155	Quality of Life in Patients with Acquired Dermal Macular Hyperpigmentation: A systematic review	Pigment Disorders	Melinda	Jiang
156	A randomized controlled trial of the effect of cosmetic camouflage on quality of life and patient perceived stigma in patients with predominantly acrofacial vitiligo, as compared to controls	Pigment Disorders	Kanika	Sahni
157	A Retrospective study of Q-YAG laser in the treatment of acquired dermal melanosis	Pigment Disorders	Arumugam	Selvam
158	Nevus of Ota –a Retrospective study of 50 patients	Pigment Disorders	Arumugam	Selvam
159	Lower Limb Pigmentation: Relative Contribution of Haemosiderin and Melanin in Chronic Venous Disease and Other Cutaneous Disorders	Pigment Disorders	Lois	Zhang

160	ROSEND – a randomised controlled trial comparing modern radiotherapy to standard of care in recalcitrant rosacea.	Rosacea	Gerald	Fogarty
161	Update on Rosacea in Asian Skin	Rosacea	Hazel	Oon
162	A novel case of Morbihan Disease successfully treated with Omalizumab	Rosacea	Miki	Wada
163	Excisional Margin for Melanoma-in-situ: is 5mm not enough?	Surgery for the General Dermatologist	Cong	Sun+A1:E163
