

TIME		Registrars Workshop Program FRIDAY 15 MAY 2026 11:45 - 17:00	
<i>Please note – this program is subject to change</i>			
Room:		MR 106	
11:45	12:30	Light lunch	
12:30	15:00		
12:30	13:10	Professional Development – ACD Led Session 1	Career Story - Inspiring the Next Generation of Clinicians This session will be an inspiring career story where Professor Ncoza Dlova will touch on how her career has evolved, leadership in medicine, working in resource limited settings and the barriers and challenges faced.
13:10	13:50	Professional Development – ACD Led Session 2	Decoding Difficult Consultations Hear from the unique perspective of a geneticist and dermatologist as Professor Winship shares her insights on how to approach challenging consultations and turn them into positive encounters, give difficult genetic diagnoses and validate patients who present with symptoms that may often be overlooked.
13:50	14:30	Professional Development – ACD Led Session 3	Between Biopsies and Books: How to Thrive as a Dermatology Registrar Come ready with questions for this interactive panel session as you will hear from a previous chief examiner and recent fellows on how best to make the most out of training - from study and exam tips to managing work-life balance.
14:30	15:00	Afternoon Tea	
15:00	17:00		
15:00	15:35	Biologics Masterclass – SHI Led Session 1 <i>Sponsored by Sun Pharma</i>	Psoriasis and Relevant Treatment Options This session will provide an overview of current treatment approaches for psoriasis, including topical therapies, systemic agents, and biologics. The presentation will discuss factors that influence treatment choice and how therapies can be tailored to individual patient needs.
			 A/Prof Peter Foley

15:35	16:10	Biologics Masterclass – SHI Led Session 2 <i>Sponsored by Sun Pharma</i>	Psoriasis in Diverse Skin Types This session will explore how psoriasis can present differently across diverse skin types and the implications this has for diagnosis and management. The discussion will highlight clinical nuances, challenges in recognition, and considerations for delivering equitable and effective care.		A/Prof Michelle Rodrigues
16:10	16:45	Biologics Masterclass – SHI Led Session 3 <i>Sponsored by Sun Pharma</i>	Treating Psoriasis in Paediatric Patients This session will focus on the unique challenges of managing psoriasis in children and adolescents. It will cover considerations around diagnosis, treatment selection, safety, and the practical aspects of supporting young patients and their families.		Dr Ben Daniels
16:45	17:00	Biologics Masterclass – SHI Led Session <i>Sponsored by Sun Pharma</i>	Q&A		A/Prof Michelle Rodrigues, Dr Ben Daniels, A/Prof Peter Foley
